The Fascinating & Rewarding Art of Ceramics

Children will paint pre-molded pieces of ceramic and choose between two finishes; a paint and a decorative finish, which is not kiln fired, or a glaze kiln fired ceramic which is food safe. Either way, the results are beautiful. There will be a large selection of pieces to choose from.

Dress to make a mess & bring your imagination!

Make Magic With Clay

This class will give children a fun hands on experience designing, creating, decorating and coloring their own handmade sculpted pieces of pottery. All items are then put through the firing process and finished with beautiful colors. All glazed and fired items are food safe. Students will come home with memorable projects to give as gifts or keep for themselves!!
